| Signal Word                                                                                                    | : | Warning                                                                    |
| Hazard Statements:                                                                                             |   |                                                                            |

### Torque-Lok<sup>™</sup> High Strength Threadlocker

Version 1.2

Revision Date 04/01/2021

H315 Causes skin irritation. H317 May cause an allergic skin reaction. H319 Causes serious eye irritation. H335 May cause respiratory irritation. H373 May cause damage to organs through prolonged or repeated exposure.

#### Precautionary Statements:

**Prevention:** P260 Do not breathe dust/ fume/ gas/ mist/ vapors/ spray. P264 Wash skin thoroughly after handling. P271 Use only outdoors or in a well-ventilated area. P272 Contaminated work clothing must not be allowed out of the workplace. P280 Wear protective gloves/ eye protection/ face protection.

**Response:** P302 + P352 IF ON SKIN: Wash with plenty of soap and water. P304 + P340 + P312 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/ doctor if you feel unwell. P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P314 Get medical advice/ attention if you feel unwell. P333 + P313 If skin irritation or rash occurs: Get medical advice/ attention. P337 + P313 If eye irritation persists: Get medical advice/ attention. P362 Take off contaminated clothing and wash before reuse.

**Storage:** P403 + P233 Store in a well-ventilated place. Keep container tightly closed. P405 Store locked up.

Disposal: P501 Dispose of contents/ container to an approved waste disposal plant.

#### Potential Health Effects

|                         | attendance.                                                                                                                                       |
| If inhaled              | <ul> <li>Move to fresh air.</li> <li>Keep patient warm and at rest.</li> <li>Consult a physician after significant exposure.</li> </ul>           |
| In case of skin contact | : Wash off immediately with soap and plenty of water.<br>Call a physician if irritation develops or persists.                                     |
| In case of eye contact  | : Rinse immediately with plenty of water, also under the eyelids. Seek medical advice.                                                            |
| If swallowed            | <ul> <li>If swallowed, call a poison control center or doctor<br/>immediately.</li> <li>Do not induce vomiting without medical advice.</li> </ul> |

### SECTION 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media                                          | : Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.                                         |    |
|-----------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------|----|
| Unsuitable extinguishing media                                        | : Water spray jet                                                                                                  |    |
| Hazardous combustion<br>products<br>Specific extinguishing<br>methods | : Nitrogen oxides (NOx)<br>Sulfur oxides<br>:                                                                      |    |
| Further information                                                   | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.          |    |
| Special protective equipment for fire-fighters                        | : Wear an approved positive pressure self-contained breathin apparatus in addition to standard fire fighting gear. | ٦g |

### SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions,<br>protective equipment and<br>emergency procedures | : Refer to protective measures listed in sections 7 and 8.<br>Ensure adequate ventilation.                           |
|---------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------|
| Environmental precautions                                                 | : Prevent product from entering drains.<br>Do not flush into surface water or sanitary sewer system.                 |
| Methods and materials for containment and cleaning up                     | <ul> <li>Ventilate the area.</li> <li>Soak up with inert absorbent material.</li> <li>Shovel or sweep up.</li> </ul> |

### SECTION 7. HANDLING AND STORAGE

|                             | Torque-Lok™ High Strength Threadlocker                                                                         |
|-----------------------------|----------------------------------------------------------------------------------------------------------------|
| Version 1.2                 | Revision Date 04/01/2021                                                                                       |
| Local/Total ventilation     | : Use only with adequate ventilation.                                                                          |
| Advice on safe handling     | : Wear personal protective equipment.<br>Do not get on skin or clothing.<br>Keep away from heat and flame.     |
| Conditions for safe storage | : Keep containers tightly closed in a dry, cool and well-<br>ventilated place.<br>Store in original container. |
| Materials to avoid          | : Do not store together with oxidizing and self-igniting products.                                             |

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Ingredients with workplace control parameters

| Components | CAS-No. | Value type<br>(Form of<br>exposure) | Control<br>parameters /<br>Permissible<br>concentration | Basis     |
|------------|---------|-------------------------------------|---------------------------------------------------------|-----------|

### **SECTION 16. OTHER INFORMATION**

Prepared by: Regulatory Department

The data in this Safety Data Sheet relates only to the specific material designated herein and does not relate to use in combination with any other material in any process. The information set forth herein is furnished free of charge and is based on technical data that the supplier believes to be reliable. It is intended for use by persons having technical skill and at their own discretion and risk. Since conditions of use are outside of the supplier's control, the supplier makes no warranties, expressed or implied, and assumes no liability in connection with any use of this information. Nothing herein is to be taken as a license to operate under, or a recommendation to infringe upon, any patents.
